

CEN – European Committee for Standardization
CENELEC – European Committee for Electrotechnical Standardization

Request for the introduction of new Class or Threshold	
CCMC Reference: xxxx	CCMC reception date: xxxx/xx/xx
Revision: xx	EC reception date: xxxx/xx/xx
(to be filled in by CCMC)	

Title of the new harmonized EN: WI: TC:
--

Title of the existing harmonized EN (if existing): WI: TC:

1) [Essential characteristic]	
a) General	
Product:	
Intended use:	
Essential Characteristic and or proxy:	
Reasons for the request	Justification needed
<input type="checkbox"/> Technical update/ state of the art	See Justification
<input type="checkbox"/> Existing in relevant technical document	[Identification of the document (e.g. EN) / Citation of EN in OJEU]
<input type="checkbox"/> Included in regulation	[Reference of the regulation / TRIS reference]
<input type="checkbox"/> Included in answer to mandate	[Reference of the TC document]

1) [Essential characteristic]

b) Proposed changes

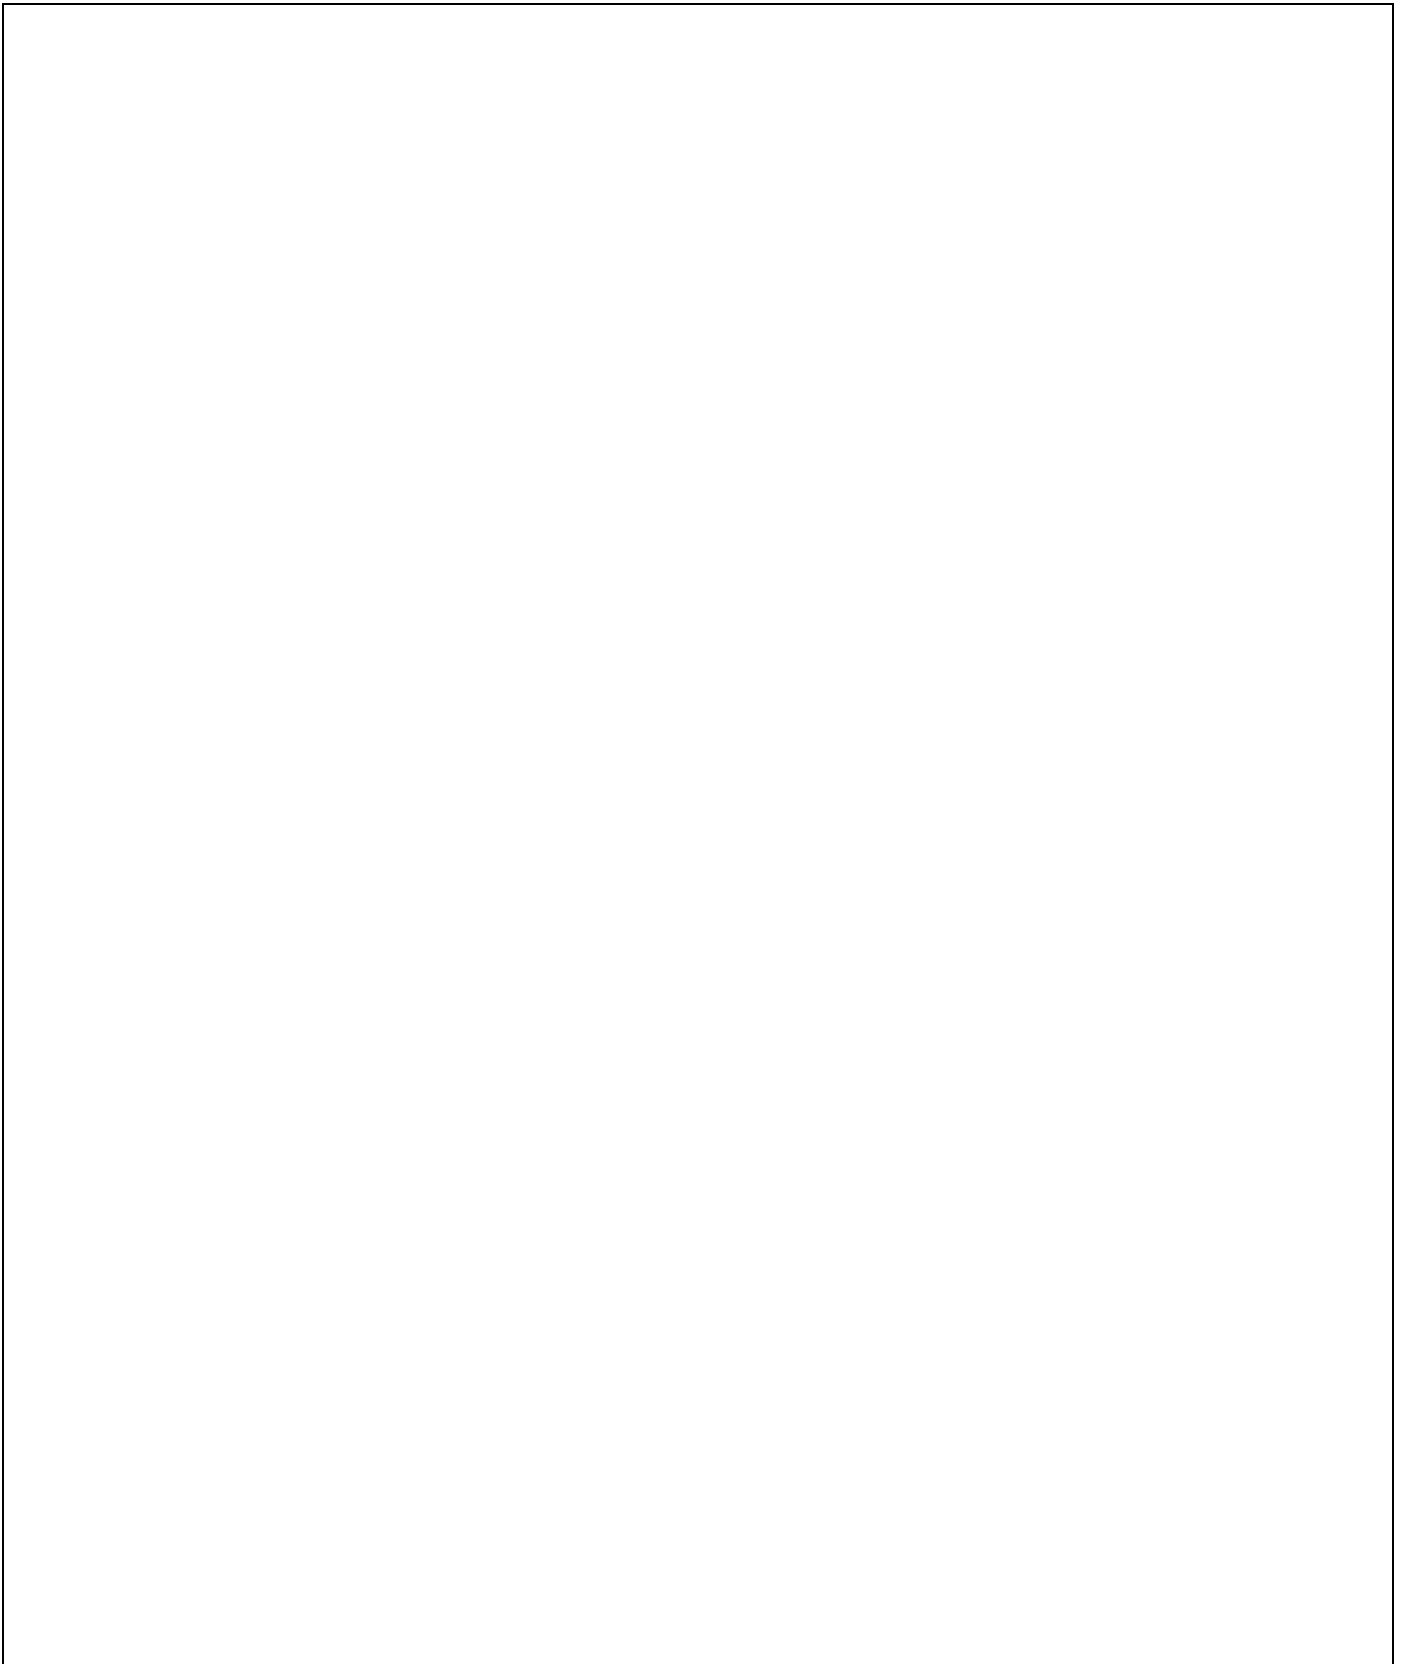

Characteristic / Requirement [unit]	Proposed thresholds	Existing thresholds [value and unit]	Clause (and WI if in another standard)
-	-	-	-
Characteristic / Requirement [unit]	Proposed classes [range]	Existing classes [range and unit]	Clause (and WI if in another standard)
-	-	-	-

1) [Essential characteristic]

c) Justification

CENELEC

1) [Essential characteristic]
d) Additional information if available/known (not mandatory)
Comprehensive information about the applicable regulatory situation in each Member State (and 3rd country belonging to the Internal Market) in relation to classes and / or threshold levels
Summarised information about the intentions and views of Member States on the proposed classes and / or threshold levels
Summarised information about the intentions and views of SMEs and all other stakeholders in the relevant CEN TC on the proposed classes and / or threshold levels
Information on products already on the Internal Market which would be excluded by the candidate hEN in case of application of the new threshold levels proposed;

The intended realistic timing of the entry into force (the applicability) of the new classes and / or threshold levels proposed

1) [Essential characteristic]

e) Proposed Delegated Act draft (not mandatory)
